

Galen Van Blaricum, D.D.S.  
Nealy Newkirk, D.D.S

Today's Date: \_\_\_\_\_

Patient Name: \_\_\_\_\_ Nickname: \_\_\_\_\_

Social Security #: \_\_\_\_\_ Birthdate: \_\_\_\_\_

Address: \_\_\_\_\_

Home Phone Number: \_\_\_\_\_ Cell Phone Number: \_\_\_\_\_

Work Phone Number: \_\_\_\_\_ Email Address: \_\_\_\_\_

Name of Dental Insurance: \_\_\_\_\_ Insurance ID Number: \_\_\_\_\_

Employer: \_\_\_\_\_ Insurance Phone #: \_\_\_\_\_

Policy Holder (Name, birthdate, social security#, address): \_\_\_\_\_

Parent/Guardian name (if patient is under 18): \_\_\_\_\_

Tobacco Use

*Tobacco use is the most significant risk factor for gum disease.*

Heart Attack/Stroke

*Untreated gum disease can increase your risk for heart attack or stroke.*

Diabetes

*Diabetics are more prone to gum disease. If left untreated, gum disease makes it harder to control blood sugar.*

**1. Please check the box if you use or have ever used:**

Cigarettes  Cigar  Pipe  Chew  Snuff

If yes, please list: If you quit, what year \_\_\_\_\_

Amount per day \_\_\_\_\_ Used for how many years \_\_\_\_\_

**2. Do you have any risk factors for heart disease or stroke?**

Yes  No  Family History  High Blood Pressure

High Cholesterol  Overweight

**3. Do you have a family history of diabetes? Yes  No**

Have you had any of these warning signs? Excessive Thirst

Frequent Urination  Excessive Hunger  Slow Healing

Weakness and Fatigue  Unexplained Weight Loss

Artificial Joint

Do you have any risk factors for Osteoporosis such as:

Post Menopausal  Family History  Early Menopause

Rheumatoid Arthritis  Inadequate Exercise  Smoking

Researchers are now linking Osteoporosis to gum disease and some of the drugs taken for it can cause side effects in the jaw. Are you taking any medication for Osteoporosis?

If yes please list: \_\_\_\_\_

Females: Pregnant  Trying to get Pregnant

Taking Oral Contraceptives  Taking Hormone Replacements

Nursing

6. Has anyone on your side of the family had gum problems?

Yes  No

7. Has everyone in your household been screened for gum disease?

Yes  No

8. Do you drink soda, sport drinks or juices?

Yes  No

If yes, what type and how much?

\_\_\_\_\_

Please list all medications you are taking and what they are for:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Alzheimer's Disease

Researchers are now investigating the role of gum disease in the development of Alzheimer's.

**9. Are you allergic to any of the following?**

Penicillin  Codeine  Acrylic  Metal   
Latex  Local Anesthetics  Other  \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Obesity

Being overweight has been linked with an increased risk for cardiovascular disease, diabetes, and gum disease.

**10. Do you have or have you had any of the following?**

Alzheimer's  Emphysema  Glaucoma   
Anaphylaxis  Respiratory problems  Herpes   
Anemia  Fainting/Dizziness  Kidney Disease   
Arthritis  Intestinal Disease  Liver Disease   
Asthma  Frequent Diarrhea  Dialysis   
Cancer  What Type? \_\_\_\_\_  
Radiation  Stomach Ulcers  Hepatitis A,B,C   
Chemotherapy  Heart Murmur  Scarlet Fever   
Cold Sores  Pace Maker  Shingles   
Cortisone Med.  Irregular Heartbeat  Thyroid Disease   
HIV/AIDS  Mitrovalve Prolapse  Tonsillitis   
Stroke  Recent Weight Loss  Venereal Disease   
Drug Addiction  High Blood Pressure  Sickle Cell   
Psychiatric Care  Low Blood Pressure  Pain in Jaw Joint   
Frequent Headaches

Stress

Major stressors have a very definite adverse effect on your immune system.

Asthma

People who have asthma and gum disease may have an exaggerated reponse to triggers.

**To the best of my knowledge, the questions on this form have been accurately answered. I understand that providing incorrect information can be dangerous to my (or patients) health. It is my responsibility to inform the dental office of changes in medical status.**
